

Why is a Page Plus Solution right for you?

WHAT IS A PAGE PLUS SOLUTION?

Page Plus is an all-inclusive bundled solution that takes the complexity out of managing your printing and copying needs. There are no click charges, no meters to read, and no locked in service contracts. Lexmark's approach is simple and uncomplicated. We bundle together the hardware, supplies and onsite services to last for 3 years.* into one affordable fixed price.

LOWER COST

Experience increased savings and cost control by purchasing everything you need to cover your printing costs up front! With Page Plus, you save 15% in comparison to single item purchases. Page Plus Solutions are available on the Lexmark X466dte, X652de, X654de, X658dfe, X658dme, X864dhe monochrome multifunction printer and the X736de, X945e colour multifunction printers.

CONVENIENCE

No more placing orders or running out of supplies. With Page Plus you will already have everything you will need onsite to properly operate and maintain your printer for up to 3 years*, with a Lexmark technician by your side.

QUALITY

Quality is guaranteed with genuine Lexmark supplies. Lexmark supplies are exclusively designed for your Lexmark MFP. That means each original product performs reliably with unparalleled quality. Using genuine Lexmark supplies provides the best value for your investment.

PEACE OF MIND

With a 3 year onsite warranty, take comfort that your technology investment is covered. The 3 year onsite warranty service is provided at your location during the contracted period. Your certified service provider or Lexmark technician will arrive to perform the repair on the next business day. We offer toll-free technical support with extended weekday and weekend hours. A Lexmark Authorized Service Provider technician will arrive to perform the repair on the next business day given two provisions:

1. The customer calls the Lexmark Technical Support Centre at 1-800-539-6275 and the call is dispatched by 5:00 p.m. EST, and
2. The service location is within an 80 km radius of a Lexmark Authorized Service Centre, (LASC).

If either of these provisions does not hold true, add one (1) business day to the onsite response time. Please note that the extended onsite warranty on the X864dhe carries a time or volume limitation - 3 years from purchase date or 1.8 million impressions - whichever occurs first.

Our certified technicians meet stringent standards on printer products, assuring effective performance of service tasks. Only genuine Lexmark parts are used by our technicians assuring dependable repair and optimum performance. We have award-winning remote diagnostic capabilities to help pinpoint a problem and provide the technician with information for prompt resolution.

*Based on average monthly volumes.

Purchasing a Page Plus Solution

TERMS & CONDITIONS

1. Lexmark reserves the right to cancel, alter or extend this program at any time without prior notice.
2. Onsite service is not available for the following locations: Yukon Territories, Northwest Territories, and Baffin Island.
3. Monthly print volume includes copies and fax prints. Monthly scan volume is 25% of the total monthly page volume.
4. A printed page is defined as one side of an 8.5" x 11" page. A scanned page is defined as a one 8.5" x 11" page.
5. All toner cartridge yields are based on 5% page coverage of a standard 8.5" x 11" page.
6. All street prices are estimated in Canadian dollars. Reseller prices may vary.

Frequently Asked Questions

Q. What happens if I require more toner cartridges than provided?

A. If your monthly page volumes are higher than what is offered, consider purchasing the next model in the series which allows for increased monthly volumes. If after purchase you require more cartridges than initially provided, simply call your Reseller to purchase additional supplies. The cost of any additional supplies purchased is outside the Page Plus Solution price and will be an additional charge to you.

Q. How do I arrange to have the X864dhe & X945e models installed?

A. Once you receive the product, simply visit www.lexmark.ca/pageplus. Complete the online registration form and a Lexmark representative will contact you to confirm an installation date. Please note that prior to the technician arriving, the packaged product will need to be brought to the installation area. The technician will then unpack the product and connect the components. The device is then ready to make a stand-alone copy. Installation does not include integration to your network or fax.

Q. What if I require additional services to integrate the Page Plus Solution on my network?

A. We are here to help. This service can be arranged by either your Reseller or by Lexmark (1-800-LEXMARK), for an additional fee. Please contact your Reseller if you are interested in this option.

Q. Will Lexmark install my maintenance kits?

A. If your Page Plus Solution includes a maintenance kit, simply call 1-800-LEXMARK and an authorized service technician will come and install the new one for you as required.
